

## Axle Tech Part

Axle Tech Parts - The business of AxleTech International is a large supplier of specialty vehicle drive-train systems and parts along with off highway vehicles. They take great pride in being a preferred supplier to their customer base. AxleTech strives to meet and exceed their customers' expectations for delivery, quality, service and technology. They believe in working in an atmosphere which supports the highest integrity with empowered collaboration, combined with a unyielding pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively applying principals of ecological safety and stewardship in how they do business. The business has put different programs in place so as to articulate these values within their business policy. AxleTech gladly shares this policy and welcomes interested parties to offer them with whatever questions or comments, since they are glad to share and promote this policy with a greater understanding of their efforts. They are really committed to preserving and improving the environment. AxleTech has an EHS program which not only protects the natural environment but which also actively protects their neighbors and workers as well.

AxleTech prides themselves as being an innovative drive-train solutions provider. They specialize in designing and manufacturing planetary axles for both military and commercial applications. These applications range from airport ground support to construction equipment. AxleTech particularly designs axles in order to meet certain application demands. They have over one thousand various axle specs within their current offering. With more than one hundred years of history and knowledge, AxleTech proudly supplies the most complete solution for whatever of your axle needs. The company is well known in various military and commercial applications. They offer complete axle assemblies for aftermarket replacement needs, along with servicing axle needs for OE production. Their high mobility ISAS have extra details which can be found in the "ISAS" product collection.
